EDITORIAL

Terry Goodman

The end of a school year is always a time of reflection and evaluation. Here at **MJMS** we continue to be encouraged by the response to the journal. The number of manuscripts submitted to **MJMS** continues to grow and we have been most impressed by the quality of these papers. Likewise, the number of persons submitting problems and/or solutions to problems has increased this year.

Our referees continue to be a very important part of **MJMS**. Their prompt and insightful reviews have been most appreciated. At the end of the Editorial we have provided a listing of names of those persons who have served as referees for **MJMS**. We have also included a Referee Application Form on page 91 and we encourage anyone interested in serving as a referee for **MJMS** to fill out the form and return it to us.

Finally, the number of subscribers to **MJMS** is growing. This has the obvious financial benefit of helping to pay for the cost of the journal. Beyond that, it says that interest in **MJMS** is increasing and that ideas and issues are being considered by an ever broadening group of readers. We ask you to share **MJMS** with colleagues and friends and to encourage their participation.

We wish all of you a relaxing, refreshing, and productive summer.
