EDITORIAL

Terry Goodman

We want to acknowledge Robert E. Kennedy who has served as the Coordinating Editor for the *MJMS* since its inception. Bob has had the large task of distributing manuscripts to referees and coordinating and scheduling the publication of the accepted articles. Bob has just entered into retirement and we wish him all the best. We appreciate his consistently positive contribution to the *MJMS*.

We are pleased that Shing So will assume the role of Coordinating Editor and we know that he will continue the high quality of work that Bob has given the Journal. Also, we want to welcome two new associate editors: Phoebe Ho McLaughlin from Central Missouri State University as the Number Theory and Algebra editor and B. Dale Daniel from Lamar University as the Topology and Geometry editor.

Once again we want to use our editorial space for this issue to thank and acknowledge those individuals who serve as referees for the *MJMS*. We believe one of the strengths of our journal is the use of a thorough and consistent review process. The persons listed below play a vital role in that review process and we appreciate and applaud their efforts. any reader who is interested in serving as a referee for the *MJMS* should complete the Referee Applicaton Form found after the Announcements.
